Modern Slavery Statement

April 2024-25

Preface

In accordance with the Modern Slavery Act 2015, this statement has been published to outline the measures First Call Contract Services has taken during the year ending 6th April 2025, to prevent modern slavery and human trafficking.

Introduction

First Call Contract Services understand that global migration has given rise to the increasing issue of human trafficking which often encompasses slavery, servitude and forced labour (Modern Slavery).

This is a global issue which requires a global response. First Call Contract Services operate a zero-tolerance policy within our organisation and encourage all employees and temporary colleagues to come forward and report any concerns or suspected case of abuse to our management teams, who will act upon them.

Our Organisation

We take pride in forging close partnerships with our clients to consistently improve measures and ensure ethical standards are maintained.

Responsibility

All Initiatives, policies and procedures are sanctioned by the Board of Directors prior to implementation by our Compliance Director.

Once implemented, our Compliance Team delivers any necessary employee training as required. All initiatives, policies and procedures are continually reviewed to monitor their effectiveness, and the results are discussed at Board level. Any changes/amendments are then agreed and implemented by the Compliance Team.

If Modern Slavery is identified our Compliance Team will conduct preliminary investigations and work collaboratively with investigative bodies to disrupt the exploitation activities and protect victims.

A **Whistleblowing Policy** is also established which is aimed at both our permanent employees and our temporary colleagues.

Employees and temporary colleagues are encouraged to report any malpractice or ethical violations including cases of Modern Slavery through the various internal reporting mechanisms available.

First Call Contract Services is signed up to the Responsible Recruitment Toolkit (RRT) and continually strive to develop and improve systems which further upholds our dedication and commitment to dispel any possibility of exploitation from infiltrating our business and to stamp out Modern Slavery from our supply chain.

Due Diligence & Compliance

This Modern Slavery Statement has been drafted by the Compliance Director and agreed by the Board of Directors prior to being published. We understand that as a labour provider the risk of human trafficking and exploitation of our workers from external sources is high.

First Call Contract Services have identified that the main risks of exploitation affecting our business is from external individuals and or organised gangs introducing workers both in person and anonymously. This often incorporates the controlling of bank accounts and the finances of the victims.

Through the Stronger Together Initiative, we have established a set of Alert Flags to highlight potential cases of exploitation within our branches and onsite locations. We have also set in place a specific interview question template which is used during colleague registrations to identify likely cases of trafficking and/or exploitation at an early stage. The Compliance Director conducts an annual review of our Modern Slavery Prevention processes to ensure that they remain fit for purpose. An action plan is then formed from the results and improvements are made where necessary. Independent assessments are conducted by Stronger Together every three years to monitor the company's progress in relation to the implementation of measures to prevent modern slavery. First Call Contract Services have recruited a Modern Slavery Champion who supports the Compliance Team in delivering the organisations Modern Slavery prevention and awareness program.

Due Diligence & Compliance

First Call Contract Services have implemented a comprehensive auditing regime. All branches and on-site contracts are audited on a regular basis by the Compliance Team using the ALP's Complier Audit tool and the following points are covered:

- Registration Process (Form Completion)
- Right to Work
- Work History
- Multiple Occupancy of Addresses
- Multiple Use of Bank Accounts
- Multiple Use of Phone Numbers
- Multiple Use of Email Addresses
- Payroll (Timesheets; Payslips)
- Worker Interviews/Workshops
- Manager and Consultant Discussions
- ETI Base Code

All internal audit results are presented to the Board of Directors.

We are audited regularly by our clients and furthermore, contribute to our client's own supply chain audits.

Branch Managers conduct a monthly compliance check of their own branches, looking for multiple use of addresses, phone numbers, email addresses and other indicators of exploitation. In addition, the Payroll Team check bank accounts for multiple use. Should non-conformances be identified, corrective actions are issued, and preventative measures are put in place. However, if evidence of Modern Slavery is found, it is then investigated by the Compliance Team and reported to the relevant investigative and enforcement bodies.

Our organisation also an Advanced Business Partner of the Responsible Recruitment Toolkit (RRT), which further demonstrates our commitment to ethical, fair and lawful recruitment which respects and protects workers rights throughout recruitment, work and post-termination.

Measuring Effectiveness

First Call Contract Services continue to work in collaboration with the GLAA and the Police to provide support, where required, in relation to external exploitation cases, which have been identified in close proximity to our branch locations.

Through working closely with the GLAA and the police, we have supported to identify several individuals in the area who are known to control and exploit vulnerable people. This has enabled us to implement additional measures to detect, prevent and disrupt modern slavery in the communities we operate.

First Call Contract Services are members of the Compliance Intelligence Network, a working group of leading labour provider business and labour users. The aim of the group is to share intelligence, support each other, share best practise and promote a more collaborative approach within the recruitment industry.
